Stretching How-to Videos

Sauces and Cheeses

Toppings

Topping Information

1. Using your pump apply 0.3 oz. of butter-flavored oil - (one pump.)

2. Using a silicone brush, evenly coat the bottom and sides of the pan.

6. Place the dough in the pan and continue to stretch the dough using the Hand Tossed stretching technique until it is the full size of the pan bottom.

Do not cover the sides of the pan.

7. Seal the dough to the edge of the pan by pulling the dough from the inside of the pan out to the edges to ensure that the dough is completely to the edge.

8. Using your fingers, lightly dock the pizza for contact all the way around.

How to Gravity Stretch

Thumbs up!

4. With a circular motion, use the weight of the dough to evenly stretch it to 60% of the size of the pan.

Place the dough in the pan with the sticky side down.

Do not form a rim!

9. Apply 4 oz. of provolone cheese evenly covering all the way to the sides of the pan.

Remember 4-3-3

10. Using a squeeze bottle apply 3 oz. of pizza sauce.

Typically 10 swipes in a horizontal motion.

11. Apply 3 oz. of pizza cheese.

Sauce will be visible through the cheese.

Sauces and Cheeses

Toppings

Topping Information

Main Menu

 The DJ Dough Spinner can help stretch Pan dough being used for Stuffed Crust. *If stretching with a DJ, follow the Hand Tossed procedures detailed in the optional DJ Operating Guide job aid. Once you've removed the dough from the bottom drum, pick up at STEP 3 in this resource.*

1

Place a medium/12" disk inside the Stuffed Crust Ring. Place a Pan dough ball in cornmeal, lightly dusting both sides. It is recommended to stretch the dough with the soft/sticky side up.

2

Do NOT form a rim. Position fingers so they are hanging over the edge of the dough. Slightly flatten the edge, rotating the dough to promote an even thickness around the edge.

3

With your hands positioned over the edge of the dough, *continue with the normal edge stretching procedure*. Be sure to raise your thumbs slightly to keep them off the center of the dough.

4

Stretch dough to 14". Use the Stuffed Crust Ring as a size comparison if needed.

5

Place dough on top of disk and Stuffed Crust Ring combo. The edges of the dough should be resting on the *ridge of the ring*, as shown above.

6

Place **FOUR**, equally spaced string cheese pieces tightly against the crease formed by the ring and the disk.

7

Fold the dough from the outside edge of the ring over the string cheese.

8

Rest thumbs outside the ring. Using fingers on both hands, press fingers firmly to seal crust.

9

Rotate the disk/ring combo and repeat the sealing process until the entire pizza has sealed crust.

10

Place the Pie Press Crimper into the center of the pizza. Push down in the center to ensure seal is secure. This will fit *snugly* in defined crust.

11

Using the finger holes, gently rock the Pie Press Crimper back and forth.

12

Check to ensure there are no openings on the seal. If you notice an opening, crimp using your hands. Remove the ring.

13

Using 12" Hand Tossed portions, sauce edge to edge, ensuring to cover the seal. Avoid saucing on the crust to prevent scorching.

14

Apply cheese and toppings following 12" Hand Tossed portions. Place in oven.

POST BAKE

15

Place in 12" premium black box with **NO** liner. Cut into eight slices. Apply 0.4 oz of Garlic Oil Blend to the crust.

16

Apply 0.25 oz of Parmesan Shake-On to the crust.

Sauces and Cheeses

Toppings

Topping Information

Main Menu

Build Your Own Product Itemization

	Toppings	Optional
Sauce	Pizza Sauce Alfredo Garlic Parm Honey BBQ Ranch	
Items placed under pizza cheese	Feta Spinach Philly Meat	Garlic - Chopped
Bottom Cheese	Pizza cheese American (slices)	
Flat Meats	Pepperoni Ham Chicken	
Vegetables	Onion Green Pepper Mushroom Pineapple Black Olives Banana Peppers Jalapeno Peppers	Green Olives Green Chilies
Bulky Meats	Italian Sausage Beef Bacon	
Top Cheese	Extra Cheese Cheddar Cheese Blend Shredded Provolone Shredded Parmesan/ Asiago blend	
Items placed on top of cheese	Tomatoes	Anchovies
Items applied post-bake	Hot Buffalo Sauce	

Build Your Own Product Itemization

- Build Your Own Pizzas on any crust may not contain more than 7 toppings. Light portions are considered 1 topping and extra portions are considered as 2 toppings toward the maximum. Handmade Pan Pizza and New York Style include Shredded Provolone in the standard build that counts as one topping towards the 7 topping maximum.
- Toppings should be applied in the following order for all BYO products including pizzas:

Light and Extra Portions

- Light Topping** is defined as a **25% decrease** in the topping portion ordered (Multiply topping amount by 0.75)
- Extra Topping** is defined as a **50% increase** in the topping portion ordered (Multiply topping amount by 1.5)
 - When the topping ordered is on a 1-item pizza, the **Extra** portion is **50% more** than the 1-topping portion.
(**Example:** Extra Pepperoni = 1 item, use 1 topping portion / 40+20 = 60 Pepperoni)
 - When the topping ordered is on a 2-3 item pizza, the **Extra** portion is **50% more** than the 2-3 topping portion.
(**Example:** Extra Pepperoni + Mushrooms = 2 items, use 2-3 topping portion / 32+16 = 48 Pepperoni)
 - When the topping ordered is on a 4+ item pizza, the **Extra** portion is **50% more** than the 4+ topping portion.
(**Example:** Extra Pepperoni + Mushroom, Onion, Green Pepper = 4+ items, use 4+ topping portion / 24+12 = 36 Pepperoni)

Half/Half Pizzas

- Pizzas ordered as half cheese only will receive the **Cheese Only** portion on that half. And the half with toppings will receive the topping portion for that side (for example, a 14" half pepperoni pizza will receive half the one-topping portion, or 20 Pepperoni)

PINEAPPLE	0.7
JALAPENO	0.5

CHEDDAR CHEESE BLEND	0.7
----------------------	-----

Main Menu

- Using the sizing guidance on the reverse side of this card, determine the following:
 - Which pieces need to be cut into **QUARTERS**
 - Which pieces need to be cut in **HALF**
 - Which pieces can be used **WHOLE** (no cut)
- Cut thawed chicken with a clean and sanitized plastic knife
- Place in a clean and sanitized makeline bin
- Cover with lid and date according to the Shelf Life Guide
- 1 bag = 13-14 orders of Loaded Chicken

Follow the sizing guidance shown here to help ensure consistency with orders of Loaded Chicken.

ASSEMBLY

Line a 12" disk with a 1/2 sheet of 12" x 12" parchment.

Place 6.0 oz of prepped /cut boneless pieces on the disk. Ensure there are minimal gaps to help with proper bake and product consistency.

Add toppings according to Standard. Place in oven to bake.

Sandwich Procedures

Main Menu

Oven Baked Sandwiches

- A. The Oven Baked Sandwich line listed below must be offered by all stores
- B. No additional ingredients can be added to sandwiches due to temperature issues

Receiving and Storage Information

- A. Do not store bread under refrigeration

Pre-Shift Preparation

- A. Slice enough 8" par baked bread for the day's use, using an approved serrated knife. Keep bread stored in closed bags to maintain shelf life
- B. Handle this bread carefully, as it is very fragile
- C. Peel enough sliced Provolone cheese into ½ slices for the day's use (from 12 o'clock to 6 o'clock to separate into 2" x 6.5" single slices) Make sure that the cheese in makeline bin is not higher than the bin or the temperature will be too warm and the product will dry out
- D. Extra meat procedure
 - 1. Layer meat on one ½ sheet of 12x12" parchment sheet – For extra chicken also layer cheese on top of chicken
 - 2. Wrap the top of the parchment around the extra meat portion
 - 3. Place parchment on screen to bake
 - 4. Extra meat portions:
 - i. 1.2 ounces of chicken and ½ of a sliced provolone
 - ii. 1.2 ounces Philly meat
 - iii. 7 slices Pepperoni, 7 slices Ham, 2 slices Salami

Assembly – All Flavors

- A. On 12" screen layer one clean, sanitized silicone baking mat and one 10 x16 sheet of parchment paper
- B. Apply 0.10 ounce of butter flavored oil to the top of the top slice of bread
- C. Place both slices of bread on their backs on the parchment paper
- D. Apply toppings in correct order
- E. Cover the top slice with parchment paper to prevent scorching, keep the bottom slice uncovered
- F. Bake once through oven

End Bake

- A. Cheese properly melted
- B. Toppings correct and evenly distributed
- C. Food must reach an internal temperature of 165°F (74°C)
- D. Bread golden brown and toasted

Cut and Box

- A. Remove the sandwich from the oven
- B. Remove and discard parchment paper
- C. *Sweet & Spicy Chicken Habanero bottom slice: apply 0.7-ounce mango habanero sauce*
- D. Place liner in sandwich box, then place sandwich into the box
- E. Cut on 45° angle using a pizza cutter
- F. Close the Sandwich box and place it on the warming rack
- G. Add dipping cup if requested by customer

Procedures: All Oven Baked Sandwiches

First

Butter
flavored
oil
0.10 oz.

Last

- Butter flavored oil on TOP of bread
- Flip over to add toppings

- 10" x16" parchment on silicone baking mat on a screen.
- Wrap around the top half (with the butter flavored oil), keep the bottom half uncovered.
- Bake once through the oven.

Use of 10" x16" parchment is approved, but 2 sheets must be used per sandwich

Oven Baked Sandwiches

- Place liner in the box.
- Fold sandwich together.
- Slide into the box.
- Cut the sandwich in half, at an angle.

**Sweet & Spicy
Chicken Habanero**
Apply bottom half only
• 0.75 oz. mango
habanero sauce

ENSURE YOUR PREP SURFACE IS CLEAN AND SANITIZED. WASH HANDS AND APPLY GLOVES.

PENNE PASTA

1 Place pasta into sauce bottle liner or approved prep bag. Ensure each prepped bag contains 5.5 oz. of pasta.

2 Remove excess air from the bag. Twist and tuck the end of the bag to keep fresh.

3 Place filled bags into a clean and sanitized bin. Date bin as "In-Use" according to Shelf Life Guide. Individual bags do NOT need to be dated.

GRILLED CHICKEN

1 Place grilled chicken into sauce bottle liner or approved prep bag. Ensure each prepped bag contains 2.0 oz. of chicken.

2 Remove excess air from the bag. Twist and tuck the end of the bag to keep fresh.

3 Place filled bags into a clean and sanitized bin. Date bin as "In-Use" according to Shelf Life Guide. Individual bags do NOT need to be dated.

NOTE: BINS DO NOT NEED TO BE COVERED WHEN PRODUCT IS PREPPED INTO INDIVIDUAL BAGS.

#MAKE-PASTA-02-A | © 2025 Domino's IP Holder LLC

CHICKEN ALFREDO

1 Empty the pasta from the prep bag into a tin. Give the tin a little shake to ensure even placement. Do not touch pasta with bare hands.

2 Empty the grilled chicken from the prep bag into the tin. Give the tin a little shake to ensure even placement. Do not touch chicken with bare hands.

3 Add Alfredo sauce according to Standard. Place in oven to bake.

5-CHEESE MAC & CHEESE

1 Empty the pasta from the prep bag into a tin. Give the tin a little shake to ensure even placement. Do not touch pasta with bare hands.

2 Add remaining toppings according to Standard. Place in oven to bake.

Cheddar Bacon Tots

BREAD SIDE PROCEDURES: Bread Bites (16 & 32pc)

1

Line pan with baking mat and 12" x 12" parchment.

2

Place Pan dough on table without cornmeal and square off edges. Cut dough ball in half.

3

Shape each half to size and vertically cut 8 even slices.

4

Horizontally cut the 8 even slices in half, making a total of 16 bites.

5

Place 11 bites around the outer edge of the pan and 5 on the inside. Ensure the pieces are not touching.

6

Cover with 2 disks or 3 screens. Place in oven to bake.

REMINDER: Prepped Bread Bites **MUST** be covered and held at room temperature - they may not be held under refrigeration at any time. Date prepped Bread Bites according to the Shelf Life Guide.

Wings Prep & Assembly

Boneless Prep & Assembly

WINGS

8 PIECE

16 PIECE

32 PIECE

BONELESS

BONELESS CHICKEN & WINGS

- 32 pc- transfer both 10"x16" parchments to 12" pizza box
- Place parchment and chicken in box
- Wings: Add sauce

Size	Box	Wing Sauce (oz)
8 pc	9" side	2.0
10 pc	9" side	2.5
16 pc	13" side	4.0
32 pc	12" pizza	8.0

SIZING BONELESS CHICKEN

☒ **Acceptable Size**
Larger than a Pepperoni

Discard crumbs and pieces that are smaller than ½ a pepperoni.

See specialty chicken job aid for additional prep.

WINGS: PREP PROCEDURES

1 Ensure prep surface is clean and sanitized. Wash hands and apply gloves.

2 Place 8 wings into a sauce bottle liner or approved prep bag.

3 Remove excess air from the bag.

4 Twist and tuck the end of the bag to keep fresh.

5 Place filled bags into a clean and sanitized bin.

6 Date bin as "In-Use" according to Shelf Life Guide.
NOTE: individual bags do NOT need to be dated.

NOTE: THE BIN DOES NOT NEED TO BE COVERED WITH CHICKEN BEING PREPPED INTO INDIVIDUAL BAGS.

WINGS: ASSEMBLY PROCEDURES

1 Line a disk with 12" x 12" parchment.

2 Empty the wings from the prep bag onto the disk. Do not touch wings with bare hands.

3 Turn the prep bag inside-out, being careful not to touch the inside of the bag.

4 Using the bag as a barrier between your hand and the wings, arrange the wings on the disk.

5 Once properly spaced, discard the prep bag. Do not touch the wings with bare hands.

6 Place wings in oven to bake.

NOTE: IF WING FALLS INTO THE PIT. DO NO USE. IT MUST BE DISCARDED.

BONELESS CHICKEN: PREP PROCEDURES

- Place boneless chicken in a clean and sanitized bin.
- Cover bin with a lid. Date according to the Shelf Life Guide.

NOTE: GLOVES ARE NOT REQUIRED WHEN PREPPING OR ASSEMBLING BONELESS CHICKEN.

Pizza Grading
Tool

TM Image

Main Menu

1. Review all crust types in the middle of the grading tool, use the instructions under that specific crust type to grade your pizza correctly.
2. Rim . Use the bottom right part of this tool to determine your correct rim height. Keep the tool flat on the box and push it to the edge to see if it is the right height.
3. Size. There are 2 parts of size for all crust types except Gluten Free and Thin Crust. The first part of size is making sure the pizza is the correct size around. Flip your tool on its side, and use the part labeled #3 to check your size. This part should NOT be able to pass through the sides of the box. The little slit in the tool is for the box to fit in. The 2nd part of size you will come back to at the very end when you cut your slices open.
4. Portion / Placement -Time to put your eyes to use, decide if the pizza has the correct amount of toppings, as well as making sure there are toppings on each bite / not center loaded.
5. Placement using the tool- check the sauce border / rim width using the #5 spot on the tool. Push the tool all the way against #3. Make sure the sauce & cheese border starts in the lines it is supposed to.
6. Bake , make sure no bubbles are bigger than half a pepperoni. Use #6 to grade this. Then, flip over every other slice and judge the bottom bake. It should be no lighter than the garlic oil, and no darker than the Cinna-magic for color range.
7. Part 2 of SIZE . Use your box cutter blade to cut open the slices. Always start by cutting from the crust, down to the tip of the slice. And, cut AWAY from you! Once all your slices are cut, use the ruler on the left side of the tool (#7) to make sure your center rise is what it should be.

1 HAND TOSSED & NEW YORK

Cut Test Center Rise

Tools needed: razor blade, pizza evaluating tool

Target center rise: $\frac{1}{2}$ " (acceptable: $\frac{3}{8}$ " – $\frac{5}{8}$ ")

Cut test: flip over every other slice, cut the turned-over slices in half, starting at the crust and ending at center of the pizza.

Purpose for performing regular cut tests:

1. Evaluate center rise for texture.
2. Evaluate air pockets for taste.
3. Ensure all pizza makers make great pizzas.

Why is a consistent center rise necessary?

- A thin center creates a greasy, not very scrumptious pizza.
- A lack of center rise causes pizza to fall apart.

What causes a pizza to have a thin center?

- Improper edge stretching.

Cut Table| #CUT-14 ©2011 Domino's IP Holder LLC

Back

Grading Tool

Next

Cut Test **Air Pockets**

Why is evaluating air pockets necessary?

- Optimal air pockets provide a light, airy, bread-like texture.
- Optimal air pockets create a scrumptious taste.

What prevents air pockets from forming?

- Cold dough
- Under-proofed dough
- Oven settings incorrect (belt speed too fast)
- Incorrect oven finger arrangement
- Dirty oven fingers
- Cold sauce or frozen cheese
- Improper pizza making techniques (for example, applying too much pressure)
- Dirty pizza screens or disks.

Next

Pan Pizza Cut Test **Center Rise**

Tools needed: razor blade, pizza grading tool. For Pan Pizza cut tests, always use a pizza with 3 or more toppings.

Cut test: flip over every other slice, cut the turned-over slices in half, starting at the crust and ending at center of the pizza.

Purpose for performing regular cut tests:

1. Evaluate for 1/2" consistent center rise.
2. Evaluate breadlike air pockets, crumb structure.
3. Ensure oven settings are correct.

Why is a consistent center rise necessary?

- A thin center creates a greasy, not very scrumptious pizza.
- A lack of center rise causes pizza to fall apart.

What causes a pizza to have a thin center?

- Improper gravity stretching or over-proofed dough.

Apparel and Appearance

The value and integrity of the Domino's brand is extremely important and as such, Domino's has adopted Standards to be followed by and enforced under the supervision of franchisees and the managers of corporate stores to the extent permitted by applicable law. The Standards are critical to Domino's brand image. Franchisees may grant an exception to these apparel and appearance Standards as an accommodation based on religious, cultural, medical, or other reasons required by applicable law. Health standards are governed by federal, state, county, and city governments and store personnel must adhere to any applicable law, and requirements in excess of the Standards.

Apparel

- Store personnel must only wear apparel with the Domino's logo while working or while going directly to and from work at the store.
- Store personnel must not enter any quick service restaurant establishment of a direct competitor while wearing apparel with the Domino's logo except while making a delivery for the store.
- Franchisees must determine if their store personnel are standardized in a single apparel style or if they allow a variety of apparel styles within their store. Franchisees may also seek a variance for use of their own apparel style, including shirts.

Shirts

- Domino's-approved shirts that are properly fitted and in good condition must be worn.
- Shirts may be worn tucked into the waistband or untucked.
- Women's shirts for female store personnel must be offered.
- Approved shirt options for store personnel include:
 - The management polo, store personnel polo, and crewneck; and
 - Approved special promotional shirts until otherwise specified.
- Approved shirts may be discontinued, and new approved shirts added from time to time.
- Any undershirt visible under the logo shirt must be plain white or black. An approved crewneck shirt may also be worn under any logo shirt. The undershirt or crewneck shirt must be tucked into the waistband.
- If long sleeves are worn while on the makeline, the sleeves should be rolled or folded up to the elbow.

Pants, Shorts, Skirts, Capris, and Belts

- Pants, shorts, skirts, cargos, and capris must be black and may be of a permanent press or cotton-type material or other similar material and in good condition. Black jean pants in good condition without rips, tears, patches, distressing, or embellishments are permitted. Corduroy, stretch, yoga, spandex, lycra, or sweat pant material are not permitted. Jean shorts are not permitted.
- Shorts should have a minimum inseam of 6" (15.2 cm) and be no longer than 2" (5 cm) below the knee. Skirts should be no shorter than 2" (5 cm) above the knee.
- The waistband of pants, shorts, skirts, and capris must sit at the natural waistline.
- Store personnel wearing pants, shorts, skirts, or capris with belt loops must wear a plain black belt if the shirt is tucked into the waistband. Suspenders are not permitted.

Hats, Visors, and Gloves

- Store personnel must wear a Domino's-approved baseball style hat or visor worn forward while working.
 - Store personnel wearing a visor while preparing food products may be required to wear a hairnet.
 - A hat or visor is not required to be worn during meetings or training sessions.
- Domino's-approved knit hats may be worn by delivery personnel during cold weather.
- A hairnet or du-rag may be worn under a hat. The du-rag must be solid black, have no visible markings, patterns or logos, and cannot have a tie that extends below the neck.
- Any gloves that are worn must be of a solid color and must be in good condition.

Next

Nametags and Pins

- Any nametags and pins that are worn must be located on the right side of the shirt, vest, jacket, or apron.
- Nametags must not have fictitious or humorous names and the name must be printed or engraved on the nametag rather than handwritten.

Shoes and Socks

- Shoes must cover the entire foot, be in good condition, and have non-slip soles (franchise store minimum requirement) or slip-resistant soles (corporate store requirement). Any laces must be tied.
- Socks or hose must be worn and shoes displaying toes, or the shapes of toes are not permitted.

Aprons and Jackets

- Store personnel involved in preparing food products must wear an approved black or navy apron that is clean, worn full-length, and tied.
- Aprons may not be worn outside the store.
- Only approved, logoed Domino's jackets may be worn.

Non-Store Personnel

- Non-store personnel visiting a store may wear store personnel apparel or appropriate business casual attire.
 - Appropriate business casual includes logo shirts or slacks and a dress shirt. A nametag or current business card must be available to identify the individual to store personnel.
 - If store personnel apparel is worn, a Domino's-approved hat or visor must be worn. However, a hat or visor is not required to be worn during meetings or training sessions.
- When preparing product, non-store personnel must wear an apron and a Domino's-approved hat or visor.
- Non-store personnel must not enter any quick service restaurant establishment of a direct competitor while wearing apparel with the Domino's logo.
- Personnel performing local store marketing may wear store personnel apparel or an appropriate costume.

Embroidery Guidelines

The recommended thread color for embroidering on logo apparel items is as follows:

Item	Recommended Thread Color
Polo Shirts	White (Madiera 1001) or Yellow (Madiera 1171)
Crewneck Shirts	White (Madiera 1001) or Yellow (Madiera 1171)
Hats and Visors	Any Color
Aprons	White (Madiera 1001) or Yellow (Madiera 1171)
Jackets	White (Madiera 1001) or Yellow (Madiera 1171)
Logo Embroidery	Red (Madiera 1147), Blue (Madiera 1297), and White

The recommended embroidery font, font size, and placement are as follows:

Item	Recommended Font, Font Size, and Placement
Shirts	Name, title, and/or award in Futura or Arial font family .31" (0.8 cm) in size on the right chest area; Award, event, organization, or service time in Futura, Arial, or Helvetica font family .31" (0.8 cm) in size on the right sleeve area.
Jackets	Name, title, and/or award in Futura or Arial font family .39" (1 cm) in size on the right chest area; Award, event, organization, or service time in Futura, Arial, or Helvetica font family .39" (1 cm) in size on the right sleeve area.
Hats and Visors	Name, title, organization, and/or award in Futura, Arial, or Helvetica font family .31" (0.8 cm) in size on the side or back panels.
Aprons	Name, title, organization, and/or award in Futura or Arial font family .31" (0.8 cm) in size on the right chest area.
Logo Embroidery	Must be between 1.73" (4.4 cm) and 2.24" (5.7 cm) from point to opposite point.

Hygiene

- Due to the close personal contact with other store personnel and the public, personal cleanliness is of primary importance. Store personnel and their apparel must be clean and proper precautions must be taken to ensure that body odor is kept at a minimum. Store personnel must use perfumes and lotions with restraint given that working conditions call for close personal contact. Store personnel preparing food products should not wear lotions, creams, oils, etc., on their hands.
- Fingernails must be neatly trimmed, clean, and not extend $\frac{1}{8}$ " (.6 cm) or more beyond the end of the fingertips. Nail polish and false fingernails are not permitted.
- Store personnel must exercise reasonable personal hygiene so that exposed parts of the body (face, neck, arms, and hands) do not constitute a threat to exposed food products.

Hair

- Hair must be secured under a hat or be suitably restrained, such as with a hairnet or rubber band. Restrained hair that is not tucked under a hat must be restrained behind and off the shoulders. Visible dyed hair color must be permanent or semi-permanent; temporary sprays, glitter, chalks, or similar products that might flake, peel, or break off of the hair on food or food contact surfaces are not permitted.
- Hair should be worn in a manner that is appropriate for working at the store.

Facial Hair

- Store personnel are permitted to maintain facial hair up to 1" (2.5 cm) in length that is clean and neatly trimmed. Store personnel must appear neatly groomed.
- Store personnel may be required to wear a beard net or beard snood while preparing food products.

Jewelry

- Non-food preparation store personnel are permitted to wear: stud or hoop earrings under $\frac{3}{16}$ " (1.9 cm) (limit of two earrings per ear), an inexpensive or DPL incentive watch, a simple necklace, a medical alert necklace, and a wedding ring.
- Food preparation store personnel are permitted to wear: stud or hoop earrings under $\frac{3}{16}$ " (1.9 cm) (limit of two earrings per ear), a simple necklace, a medical alert necklace, and a wedding ring.
- Plain ear grommets or gauges not exceeding $\frac{3}{16}$ " (1.9 cm) and a small plain nose stud or nose ring are allowed. Septum piercings are not allowed.

Tattoos

Visible tattoos must not contain any images or words that are offensive in nature, including nudity, profanity, or any offensive references to race, national origin, religion, gender, age, or any other characteristic protected by applicable law. Tattoos on the face are not allowed.

Body Modification or Alteration

- Store personnel must make every reasonable effort to cover visible intentional body modification or alteration undertaken for the purpose of achieving a physical effect that disfigures, deforms, or detracts from a professional image. Examples include, but are not limited to, decorative skin implants, unnatural contact lens colors, brands or scarification, tongue splitting, and decorative tooth filing, plating, or engraving. Body modification or alteration resulting from traditional elective medical procedures (such as teeth straightening, hair replacement, cosmetic plastic surgery, etc.) is not included.
- Intentional body modification or alteration should not be on the face, neck, or hands, as these areas cannot be covered with apparel.
