The use of and/or reliance on these materials is not a guarantee that accidents or losses will not occur or that franchisees will be in compliance with applicable legal requirements. Franchisees should consult their own legal counsel concerning their particular facts and circumstances and any specific legal questions they may have regarding the issues addressed in these materials.

| OPTIONAL RESOURCE                                             | WHY IS THIS IN MY KIT?                                                                                                                                                                                                                                                                                |
|---------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>In-Store Training Playbook</b>                             | This resource contains information to help guide in-store training sessions with an emphasis on the 5 Steps of On-The-Job Training. It includes a timeline with some recommended action items, the prep and assembly procedures for Domino™, best practices, and an optional training sign-off sheet. |
| <b>Domino™ Prep Procedures Job Aid</b>                        | These job aids are designed to provide support during your organization's training and at launch, providing a detailed step-by-step process for prepping and assembling Domino™.                                                                                                                      |
| <b>Domino™ Assembly Procedures Job Aid</b>                    |                                                                                                                                                                                                                                                                                                       |
| <b>Domino™ Prep Procedures Job Aid Card*</b><br>(PREP-DOM-01) | This <u>laminated</u> job aid card is designed to provide support at launch and beyond, offering detailed information on the prep procedures for Domino™.                                                                                                                                             |
| <b>Domino™ Portion Job Aid Card*</b><br>(MAKE-DOM-01)         | This <u>laminated</u> job aid card provides portion information for Domino™.                                                                                                                                                                                                                          |
| <b>End Bake Card – Card A*</b><br>(CUT-ENDBAKE-SET)           | This updated card provides post bake information for Domino™ – including post bake applications, cutting, and boxing. Remove and properly discard the existing Card A from your End Bake Card Set and replace with this updated version.                                                              |

\*Available for reorder on Direct-4-Stores

## ENSURE YOU HAVE RECEIVED YOUR PANS!

Your store should have received 36 pans and 6 lids.

- Ensure pans and lids are washed, rinsed, and sanitized before first use.
- It is recommended to run empty pans through the oven before first use.
- Pans and lids must be washed, rinsed, and sanitized after each use.
- Pans are dishwasher and soak tank approved.
- Make sure pans and lids are completely dry before use.
  - Using pans with any moisture can have a negative impact on the overall bake quality.

## TIMELINE AND RECOMMENDED ACTION ITEMS

August 10<sup>th</sup> –  
August 16<sup>th</sup>

- ☐ Training kits arrive in stores
- ☐ Connect with your above store leadership on your organization's training plan
- ☐ Consider attending an optional GM webinar
- ☐ Consider scheduling your store team training session(s)
- ☐ Check your SCC order to ensure you have enough product for your training session(s)

August 17<sup>th</sup> –  
August 30<sup>th</sup>

- ☐ Conduct your in-store training session(s)
- ☐ Consider using the optional resources in this kit and on PieNet to help support and guide your training session(s)
- ☐ Verify Domino™ is displayed in your store's Pulse system
- ☐ Remind your store team that Domino™ launches on 8/31!

August 31<sup>st</sup>

- ☐ Domino™ LAUNCH!
- ☐ At closing on 8/30 or prior to open on 8/31, ensure updated job aids are accessible, with any outdated job aids being removed

August 31<sup>st</sup> –  
September 20<sup>th</sup>

- ☐ Store certification visits will take place
- ☐ Connect with your above store leadership for more information on store visits
- ☐ Utilize Voice of Customer to check customer feedback on the Domino™

**Consider Using the 5 Steps of On-The-Job Training to help guide your training sessions for this initiative!**

### STEP 1: CREATE A POSITIVE ENVIRONMENT

Welcome your store team with energy and excitement for this NEW product launch! Let them know this session will focus on the launch of Domino™! The Domino™ tested very well with consumers (even better than Parmesan Stuffed Crust!), so this is a launch your customers will be excited about! The Domino™ is made from pan dough encrusted with parmesan cheese and baked in a rectangular pan to create a crispy parmesan Detroit-Style crust. It is topped with two layers of cheese, sauce, and up to 3 toppings then finished post bake with garlic oil blend. In order to knock your customers' expectations out of the park and keep them coming back for more, get your store team excited about building (and trying!) this delicious new product!

### STEP 2: PREVIEW THE TASK

Consider using this resource and the other optional resources in your store kit to provide your store team with an overview of the training session. Be sure to discuss the new Domino™ pans and lids, other tools needed to make and bake Domino™, prep and assembly procedures, and post bake applications, cutting, and boxing.

## STEP 3: DEMONSTRATE

Demonstrate the proper procedures for prepping and assembling Domino™. Consider using the optional resources in your store kit to help guide your demonstration and allow your store team members to follow along as you go.

### PREP PROCEDURES

**1**  
Apply 0.2 oz. of butter flavored oil to the bottom of the pan. Spread evenly with approved brush.

**2**  
Apply 0.3 oz. of parm shake-on evenly on top of the butter flavored oil.

**3**  
Use the pans as your measuring tool when stretching. Place a pan dough ball sticky-side down.  
**No cornmeal!**

#### DOMI-KNOWS TIP!

Determine how many Domino™ you are going to prep. Prep each pan with butter flavored oil and parm shake-on before getting hands-on with the dough.

**4**  
Stretch the top of the dough ball to the inside width of TWO pans.

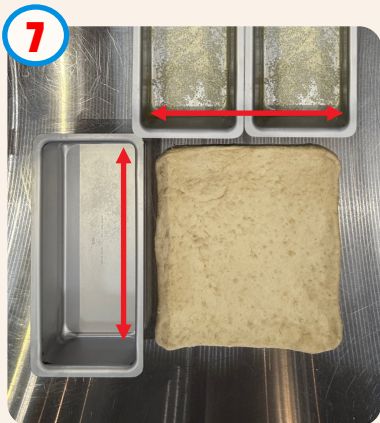

**5**  
Lightly press on the top part of the dough to help it stick to the table. This will help the dough stay secure during stretching.

**6**  
Stretch and shape the dough to the inside length of ONE pan. Maintain an even thickness during stretching.

## PREP PROCEDURES (Continued)

**7**  
Square off corners. Use the pans as a guide to make sure the dough is stretched to the correct size.

**8**  
Using a pizza cutter, cut the dough in half. Use the pans to help you make an even cut.

**9**  
Grab one half of the dough with both hands and carefully transfer to one of your prepped pans.

**10**  
Fit the dough to the bottom of the pan. Ensure there are no gaps between the dough and the walls of the pan. Lightly dock the dough to remove any air bubbles.

**11**  
Repeat Steps 9 and 10 for the other half of the dough.

**12**  
Cover your prepped Domino™ with a lid or an empty pan. Date using the same shelf life as prepped bread sides and pan pizza. Stack pans to a maximum of 6 high.

### DOMI-KNOWS TIP!

**IT'S BEST WITH REST!** Product quality is best when Domino™ is allowed to proof in a prepped pan for at least ONE hour.

### PREPPED DOMINO™

**Day 1-4 dough – 4 hours**

**Day 5-6 dough – 2 hours**

ASSEMBLY PROCEDURES

2 oz.

PROVOLONE

2 oz.

PIZZA CHEESE

2 oz.

PIZZA SAUCE

CHEESE

2 oz. PROVOLONE

2 oz. PIZZA CHEESE

SAUCE

2 oz. PIZZA SAUCE  
1.0 oz. for all other sauces

CHEESE ONLY Domino™ will receive an additional 1.0 oz. of pizza cheese on top of the sauce.

| TOPPINGS           |         |        |         |
|--------------------|---------|--------|---------|
| TOPPING TYPE       | 1 TOP   | 2 TOP  | 3 TOP   |
| Pepperoni and Ham  | 12      | 9      | 6       |
| All Other Toppings | 1.5 oz. | 1.0 oz | 0.7 oz. |

ALL toppings for Domino™ will be placed on top of the sauce. Domino™ will have a limit of 3 toppings.

1 Top (Pepperoni)

2 Top (Pepperoni & Jalapeno)

3 Top (Green Pepper, Jalapeno, Bacon)

Franchisees should consult their own legal counsel concerning their particular facts and circumstances and any specific legal questions they may have regarding the issues addressed in these materials.

## LOADING INTO OVEN

Load Domino™ parallel to the oven opening to help ensure an even bake and prevent the product from getting pulled too early.

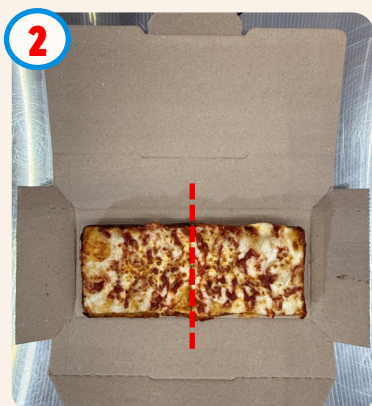

## POSTBAKE PROCEDURES

**PACKAGING**  
13" side box with  
sandwich liner

**1**  
Using pan grippers, grab the long side of the pan and remove from oven. Remove Domino™ from the short side of the pan using black spatula.

**2**  
Using a rocker blade, make one straight cut in half.

**3**  
Apply 0.3 oz. of garlic oil blend evenly over the entire surface.

## STEP 4: PRACTICE

Encourage your store team to practice the proper procedures for prepping and assembling Domino™. Encourage them to ask questions and utilize the available optional training resources as they go!

## STEP 5: FEEDBACK & RECOGNITION

This step can help reinforce what is being done correctly and helps your store team build confidence for consistent, independent performance. It also allows you to correct any issues before they become habits that may require re-training later!

## OPERATIONAL WATCH-OUTS

### DOUGH MANAGEMENT

Properly proofed pan dough is one of the most important elements of this launch. Great dough management is the first step in making a great Domino™!

### SCALES ARE COOL!

Be sure to weigh your butter flavored oil – too much will make it difficult for the dough to fit the pan.

### STRETCH FOR SUCCESS

Do not overwork the dough during stretching. When using properly proofed dough and stretching to the proper size using your pans for guidance, the dough should fit perfectly in the pan with minimal adjustments.

### ONE-WAY STREET

Do not place prepped Domino™ in the walk-in, as it will have a negative impact on the product quality.

### PREVENT THE LEANING TOWER OF Domino™

Do not stack pans more than 6 high. Stacking too many may cause pans to tilt and/or get stuck together.

### WATCH FOR THE SLIDE

With the toppings being placed directly on top of the sauce, toppings may slide during bake. Adjust toppings post bake, if needed, to help ensure great coverage.

### CHEESE, SAUCE, AND TOP TO ORDER

Do not pre-cheese and sauce Domino™, as it will have a negative impact on product quality.

## CLOSING

Be sure that your store team is ready for a successful launch! Consider making all of the resources included in your store training kit readily available so they have the tools they need to succeed. Continue to provide coaching, guidance, and feedback so they build confidence ahead of the launch. Your customers will be excited to try the Domino™, and it will be up to you and your store team to execute on this delicious product! Ensure you are ready to knock this launch out of the park and keep those customers coming back!

This image shows a single sheet of white paper with horizontal brown ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

Consider using this optional form during your training sessions.
